

HYCON HCD50-200 CORE DRILL

**STANDARD 60 MM ROUND FRONT FOR
EASY MOUNT ON STANDARD LIGHT DRILL STAND**

HEAT INSULATED HANDLE

PRODUCT FEATURES

The HCD50-200 core drill is the most powerful and easily manageable handheld core drill available. It is perfect for any handheld coring in difficult accessible places where rigs or electric drills cannot be used.

Drilling in concrete pipes, ventilation holes, or just any type of job where handheld is the fastest way to get the job done. It is unaffected by water, dust, etc., and is very popular for sewage installations. The fact that you can drill handheld

up to $\varnothing 350$ mm with no need for a drill rig opens a world of opportunities and massive time savings. However, for tough jobs, it fits in a standard drill rig.

The HCD50-200 has a built-in hydraulic torque limiter, which ensures max torque and no kickback, thanks to an automatic integrated security switch, which stops the core drill if the core bit jams. The integrated security is set from the factory and may not be disturbed.

HYDRAULIC CORE DRILL HCD50-200

Item no.	3030050
Weight [kg / lbs]	7.8 / 17.2
Corebit diameter \varnothing [mm / inch]	50 - 200 / 2 - 8
Oil flow [LPM / GPM]	20 / 5
Working pressure [bar / psi]	100 / 1450
Max pressure [bar / psi]	172 / 2500
Rotation max [rpm]	600
Sound power level L _{Wa} [dB]	84
Vibration level, 3 axis [m/s ²]	< 2.5

ACCESSORIES

Dust suppression kit, item no. 3030051.
